This invoice is at a discount to current default rates of our colleague agencies in the reporting industry, as our pricing is a reflection of our modest overhead and expenses. It is our intention to treat all parties around the table fairly, as the parties who appear with us today, will appear with us again on future matters. We hope that you will consider turning to us when future reporting needs arise.

We are proud to be a small independent firm in this current economic environment, to pay our reporters and other professionals quickly, and to provide good service to the law firms, organizations and individuals we come into contact with.

We accept all major credit cards.
